

Orlando González Rivera, CPA, Esq.

President

MMM Healthcare, LLC / MMM Multi Health

Mr. González is a Certified Public Accountant and an Attorney admitted by the Supreme Court of Puerto Rico. After starting his professional career in the private sector, in 1997 he transitioned to serve in various Government roles, including Internal Audit Director of the City of San Juan, Administrator of the Puerto Rico Socioeconomic Development Administration, and Executive Director of the Puerto Rico Health Insurance Administration (ASES, for its Spanish acronym). In 2005, he became the Executive Director of Sociedad Española de Auxilio Mutuo y Beneficencia. In 2007, he joined MMM Holdings, LLC as Chief Financial Officer and was then promoted to President of MMM Healthcare, LLC, to assume leadership of its plans, Medicare y Mucho Más (MMM) and PMC Medicare Choice, (PMC). During his leadership, the company has experienced operational and cultural development, establishing itself as the advocate of sensibility towards the elderly and the handicapped, as well as forerunner in technology and innovation, steered by an unwavering commitment to ethics and compliance.

MMM and PMC excel within the Medicare Advantage market, and have been recognized for preventive care, compliance with pharmacological therapy, and the effective management of chronic conditions, among other important elements of coordinated care. Both plans have reached 4.5 out of a total of 5 stars in the Medicare Star Rating Program for 2018, which is the highest rating obtained by any Medicare Advantage plan in Puerto Rico. For three consecutive years, both plans have also been accredited by the National Committee for Quality Assurance (NCQA); and the company has been recognized as one of the Best Employers in Puerto Rico.

For these and many other achievements, it is not surprising that MMM Healthcare is currently among the nation's top 19% and is a local market leader.

Additionally, Mr. González is President of MMM Multi Health, a company subsidiary that provides coordinated services to Government Health Plan beneficiaries.

Medicare evaluates plans based on a 5 star rating system. Star ratings are calculated each year and may change from one year to the next. For more information on Star Rating, please refer to www.medicare.gov.
